

Conneaut to Produce Chrome Free / Bleach Cleanable / Anti-Microbial Leathers

Conneaut, Ohio, December, 2009

Conneaut Leather, a portfolio company of Austin Capital Partners, announced the introduction of a new line of chrome-free, semi-aniline, biodegradable leather. The new product, to be marketed under the name Hospitable Hides™ are the latest in leather technology. Hospitable Hides™, powered by [Crypton®](#), are bleach cleanable, antimicrobial, antibacterial and stain resistant. Conneaut is one of the first suppliers in the leather industry to offer all of these characteristics in one product.

With this introduction, Conneaut Leather is breaking new ground. These new leathers provide durable, yet beautiful, leather ideally suited for hospitality, healthcare, aviation, automotive aftermarket, contract and any other high-traffic applications. The products are available in 44 stock colors particularly suited to the hospitality and healthcare industries.

Conneaut Leather produces high quality leather in full hides and cut pieces to the contract furniture, hospitality, aviation, and other markets.
